

Becoming a regular Monthly Sponsor

May we say a big thank you for considering the monthly sponsorship option for one of our POINTER Rescue Serbia rescues, we are most grateful for your support. We have three price ranges for you:

- 1) **For just £5 a month** you can help boost the immune system for our rescue dogs. Your monthly donation will go towards the purchase of sardines in oil. We add one can of sardines, rich in Omega 3, twice a week to the daily feeding programme. Most of our dogs have been kept in poor condition before we reach out to rescue, bringing them safely to our vet clinic later to our dormitories. Omega 3 oil helps to boost the immune system, our rescues love the taste of sardines, a rare treat in Serbia. Your £5 monthly sponsorship will help boost their immune system.

- 2) **For just £10 a month** you will be supporting one of our rescues via our Healthy Heart Programme. From the time of rescue to departure from Serbia, all our rescues are given a monthly tablet called Milprazon (which is a preventative against Heartworm) and Advantix, (to combat ticks and fleas). Your £10 a month will keep one rescue protected from Heartworm, Ticks and Fleas via our Healthy Heart Programme which has been up and running for all our rescues since 2017 February.

- 3) **For just £15 a month** you will be helping with the cost of the food bill for one of our rescues at our dormitories in Serbia. We allocate £45 a month, per dog, for the fresh meat that we buy. Our dogs receive their main meal in the morning, their menu consists of meat (beef or chicken), augmented each day with dog biscuits, vegetables and a raw egg twice weekly. If we have enough Sardines in our cupboard, we add those twice weekly. Your £15 a month will contribute towards the monthly food bill for one of our rescues.

Easy steps to set up:

- Monthly sponsorship is set up via standing order to our UK Barclays bank.
- We rely totally on the good will of donations to support our dogs. If for whatever reason you decide to cancel your standing order, we kindly ask that you please to be in touch to let us know. That enables us the chance to adjust our forecast planning accordingly.
- For the full set up instructions, please be so kind as to email us at:

prsgroup2017@gmail.com

- Your very kind support to our rescue programme is very much appreciated, we rely totally on the good will of those who help. Our beautiful Pointers, our group members and the volunteer staff at POINTER Rescue Serbia team are most grateful to you for your support.
